K VISHAL KUMAR

Backend Artificial Intelligence Enthusiast

ABOUT ME

Backend & AI Enthusiast with hands-on experience across multiple projects in Machine Learning, Deep Learning, and Generative AI. Skilled in building end-to-end intelligent systems, including fine-tuned chatbots, RAG pipelines, and computer vision applications. Proficient in Scikit-learn, Skrub, Imbalanced Learn, TensorFlow/Keras (deep learning & transfer learning), and OpenCV for real-time vision tasks. Experienced in developing and deploying Flask-based APIs to integrate ML/DL models into scalable backend systems.Additionally, worked with local LLMs (Ollama) for building privacy-focused AI solutions and retrieval-augmented systems. Strong foundation in data handling and analysis using Pandas, with a focus on practical implementation and problem-solving.

EDUCATION

GIET UNIVERSITY GUNUPUR

Bachelors of Technology

2023-2027

RAMABANAM JUNIOR COLLEGE

+2/Intermedeate

2021-2023

TIMPANY SENIOR SECONDARY SCHOOL

10th/Matriculate

2020 - 2023

SKILLS

- Python
- Pandas
- Machine Learning
- Deep learning
- Tensorflow & Keras
- Pinecone
- Google-Genai
- ChromaDB
- Scikit-Learn/Skrub/Imblearn
- Supabase
- Vercel
- Ollama
- Data Science
- VSCode
- Data analysis
- Version Control-Git

EXPERIENCE

AROHA

Artificial Intelligence Intern — **APRIL 2026-JULY 2026**

Served as a Backend Artificial Intelligence developer on Aroha's MedTech initiatives, contributing to the design, development, and deployment of robust backend systems supporting the project's healthcare technology solutions.

CENTRAL TOOL AND TRAINING CENTER

Python AIML Intern — **JUNE 2025-JULY 2025**

GIET UNIVERSITY GUNUPUR

Python -MySQL Intern — **JUNE 2024-JULY 2024**

PROJECTS DONE

- Image Based Classification Systems using Transfer Learning
- Medicine Recommendation System Using NLP
- AI Code Morpher-Rosetta AI
- AI RAG Based Applications
- Personal Machine Learning Framework

Volunteering

Machine Learning and Database Lead

Code Communicators Club

- Mentored 3 days workshop of Machine learning with Python
- Mentored 2 days workshop of Data Analysis with Python

Certifications

- Python AIML Intern
- DataQuest Event Winner
- Python MySQL Intern
- Generative-AI,Deep Learning using Pytorch
