About Me

Backend & AI Enthusiast with hands-on experience across 8+ projects in Machine Learning, Deep Learning, and Generative AI. Skilled in building end-to-end intelligent systems, including fine-tuned chatbots, RAG pipelines, and computer vision applications.Proficient in Scikit-learn (supervised & unsupervised learning), TensorFlow/Keras (deep learning & transfer learning), and OpenCV for real-time vision tasks. Experienced in developing and deploying Flask-based APIs to integrate ML/DL models into scalable backend systems.Additionally, worked with local LLMs (Ollama) for building privacy-focused AI solutions and retrieval-augmented systems. Strong foundation in data handling and analysis using Pandas, with a focus on practical implementation and problem-solving.

Education

2023 - 2027 **Bachelors in Technology**

GANDHI INSTIINSTITUTE OF ENGINEERING AND TECHNOLOGY

2021-2023 **+2 grade/Intermediate**

RAMABANAM JUNIOR COLLEGE

Skills

- Machine learning
- Tensorflow/keras
- Python Graphics
- Flask/Backend
- LLMs
- Langchain
- Data Analysis
- Local LLM's
- Data Visualization
- Ollama-LLM
- Scikit-learn/Skrub/Imblearn
- Pytorch
- ChromaDB
- Data Analysis
- OpenCV

Work Experience

PYTHON PROGRAMMING IN AIML INTERN - CTTC **JUNE 2025-JULY 2025**

PYTHON PROGRAMMING FOR MYSQL INTERN-GIET UNIVERSITY GUNUPUR **JUNE 2024-JULY 2024**

PROJECTS DONE

- Image Based Classification Systems using Transfer Learning
- Medicine Recommendation System Using NLP
- AI RAG Based Applications
- Personal Machine Learning Framework

Volunteering

MACHINE LEARNING AND DATABASE LEAD

Code Communicators Club

- Mentored 3 days workshop of Machine learning with Python
- Mentored 2 days workshop of Data Analysis with Python

Certifications

- Python AIML Intern
- DataQuest Event Winner
- Python MySQL Intern
- Generative-AI,Deep Learning using Pytorch
